Foreword:

Vancouver is Growing. It is growing so rapidly that each season makes more imperative the need of something in the nature of a Blue Book which shall be at the same time a reliable and complete roster of the various clubs and of all persons properly recognized as constituting society.

In presenting to our patrons this first edition of the Elite Directory we feel that we have supplied precisely what was needed. Nothing quite like it has ever appeared here before. It is with pleasure therefore, that we offer to the Society people of Vancouver this unique book, relying with confidence upon the appreciation of the discriminating.

To all of our patrons and to the many Ladies and Gentlemen who have given us invaluable assistance in compiling the Elite Directory we extend the sincerest thanks of

The Elite Directory of Vancouver.

HEARD'S RUPTURE APPLIANCES

Six years ago C. E. HEARD introduced to the Vancouver Public his unique Patented Rupture Appliance, today, he practically controls the business in his line. Why? because, people

are heartily sick of the old-fashioned filthy and torturing harness sold as "trusses," and were glad to accept this new invention. The appliance is made for each individual case, and is light, clean, comfortable, safe and durable. To use the words of Dr. J. C. Davie, of Victoria, "there is a mechanical accuracy about it that makes improvement impossible." It is recommended by the best Physicians in B.C., and is applicable for Infants, Children and Adults of both sex. Hundreds of the leading citizens of Vancouver are using and recommending it.
